Continuing Medical Education

SUNY Upstate Medical University has been reviewed by the [Accreditation Council for Continuing Medical Education \(ACCME®\)](#) and awarded accreditation with commendation for 6 years, through November 2025, as a provider of continuing medical education (CME) for physicians. Accreditation in the ACCME System seeks to assure the medical community and the public that SUNY Upstate Medical University delivers education that is relevant to clinicians' needs, evidence-based, evaluated for its effectiveness, and independent of commercial influence."

The ACCME System employs a rigorous process for evaluating institutions' CME programs according to standards that reflect the values of the educator community and aim to accelerate learning, inspire change, and champion improvement in healthcare. Through participation in accredited CME, clinicians and teams drive improvement in their practice and optimize the care, health, and wellness of their patients.
